Civil Rights 42 U.S.C. State, County, or municipal defendants I believe that the following county has law that could and must be tried for and with existing law and with my rights its would make good law

Agreement Action under the FICA against the United States. This Act is really important for me as well as the people involved the case will be the legal precedent of the authority who has to BEAR the rules, regulations, supervision, discretion (Honor) duty

Civil Rights Action under I know without a question that the Attorney General should have my name out because it is in legal applications to the fundamental law I should be able to have relief from anything that would make me take the initiative to give up part of the benefits and be able to perform my duty as a patient, father, plaintiff/defendant, peace officer, etc.

V. INJURY

Describe with specificity what injury, harm, or damages you suffered because of the events described above.

I haven't had relief in performing my day to day operations while I was on the streets that is the Pennsylvania government sponsored me I would like relief from

VI. RELIEF

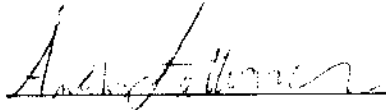

State exactly what you want the court to do for you. For example, you may be seeking money damages, you may want the court to order a defendant to do something or stop doing something, or you may be seeking both types of relief. If you are seeking monetary relief, state your request generally. Do not request a specific amount of money.

I would like for the government to pay for my medical expenses and my care, and my psychiatrist. I also would like relief in the form of answers and legal precedent over applications that can function through the courts for me to have relief and with answers of the whole thing for what the person applicable to spend hearing anything in my life with me responding to of my knowledge, liberty, and justice in court.

VII. SIGNATURE

By signing this complaint, you represent to the court that the facts alleged are true to the best of your knowledge and are supported by evidence, that those facts show a violation of law, and that you are not filing this complaint to harass another person or for any other improper purpose.
